

## Population and cultural dynamics in the Neolithic transition

**Publication date:** Jan 6, 2013 9:16:39 PM

**Start:** Jan 23, 2013 4:00:00 PM

**End:** Jan 23, 2013 6:00:00 PM

**Location:** Drayton House, Room B06 (UCL Economics)

**Joaquim Fort** (Dept of Physics, University of Girona), will give a special lecture at UCL on 23 January.

Dr Fort's research interests include Palaeolithic waves of advance, Neolithic transitions and the evolution of cultural diversity. His lecture at the Institute is entitled '*Population and cultural dynamics in the Neolithic transition*' and all are welcome to attend.

Further details about the time and room location of the lecture will be made available in due course.

Any enquiries about the event may be directed to **Stephen Shennan**.
