22nd Neolithic Seminar: Modelling the Processes of Neolithisation

Friday 6th – Saturday 7th November 2015

Department of Archaeology, Faculty of Arts, University of Ljubljana

Friday, 6th November

Morning session (9.00 - 12.30)

Introduction to the conference (Mihael Budja)

Joaquim Fort

Universitat de Girona, Physics Department, Girona, Spain

Demic and cultural models of Neolithisation

Barbara Horejs

OREA, Institut für Oriental and European Archaeology, Austrian Academy of Science, Vienna, Austria

A model for maritime colonization in early 7th millennium Aegean

Maxime Brami and Andrea Zanotti

OREA, Institute for Oriental and European Archaeology, Austrian Academy of Sciences, Vienna, Austria; Centre National de la Recherche Scientifique UPR 2147, Paris, France

Modelling the initial expansion of the Neolithic out of Anatolia: a follow-up

Discussion & coffee/tea

Joan Bernabeu Auban, Salvador Pardo Gordó and Oreto García Puchol

Department of Prehistory and Archaeology, University of Valencia, Spain

A computational model to evaluate alternative stories on agricultural origins

Pascal Flohr, Dominik Fleitmann, Roger Matthews, Wendy Matthews and Stuart Black

Department of Archaeology and Centre for Past Climate Change, University of Reading, United Kingdom

Did rapid climate change around 8200 calBP affect Neolithisation processes in and nearby Southwest Asia?

Çiğdem Atakuman

Settlement Archaeology, Graduate School of Social Sciences, Middle East Technical University, Ankara, Turkey

Rethinking the concepts of Neolithic and Neolithization in South West Asia: The case of the Figurines

Jessica Smyth

Organic Geochemistry Unit, School of Chemistry, University of Bristol, Department of Archaeology and Anthropology University of Bristol, United Kingdom

The dairying revolution in Neolithic Europe – an integrated approach

Discussion

Afternoon session (14.00 - 18.30)

Anna Szécsényi-Nagy, Victoria Keerl, János Jakucs, Balázs G. Mende, Krisztián Oross, Tibor Marton, Anett Osztás, Eszter Bánffy, Kurt W. Alt

Hungarian Academy of Sciences, Institute of Archaeology of the Research Centre for the Humanities, Budapest, Hungary

Muddle in the middle? Insights into the genetic diversity of the first farmers of the Neolithic Carpathian Basin

Cristina Gamba

Centre for GeoGenetics, Natural History Museum of Denmark, Copenhagen, Denmark

The Neolithic transition in Europe: genomic insights from the Hungarian petrous bones

Alissa Mitnik

Institute for Archaeological Sciences, University of Tübingen, Germany; Max Planck Institute for the Science of Human History, Jena, Germany

Revealing modern European's Mesolithic and Neolithic genetic heritage with ancient genomes

Rivollat Maïté, Le Roy Mélie, Mendisco Fanny, Pemonge Marie-Hélène, Couture-Veschambre Christine, Rottier Stéphane, Deguilloux Marie-France

PACEA - UMR 5199, Bordeaux University, Pessac, France

Different ancestries buried with similar practices in an Early / Middle Neolithic necropolis, Gurgy 'les Noisats' in the Paris Basin (France)

Discussion & coffee/tea

Detlef Gronenborn, Hans-Christoph Strien, Carsten Lemmen

RGZM - Leibniz Research Institute for Archaeology, Mainz; Arbeitsbereich Vor- und Frühgeschichte, Institut für Altertumswissenschaften, Johannes Gutenberg University,

Mainz; Institute for Coastal Research, Geesthacht, Germany

Adaptive Cycles as modules for a coupled climate-culture Neolithization model

Daniela Hofmann

Institute of Archaeology, University of Hamburg, Germany

Not talking to you! Linearbandkeramik colonisation and its aftermath

Nadia Kotova and Peter Stadler

Department of Pre- and Protohistory, University of Vienna, Vienna, Austria

The formation of the Linear Pottery culture as a model for Neolithization

General discussion & Dinner

Saturday, 7th November

Morning session (9.00 - 12.00)

Andrey Mazurkevich and Ekaterina Dolbunova

The State Hermitage museum, Sankt Petersburg, Russia

The first pottery in the communities of hunter-gatherers and long-lasting dawn of Neolithic in Eastern Europe

Agathe Reinguber

Berlin

The Neolithisation of the Prut-Danube region

Alexander Vybornov and Nataliia Vybornova

Department of History and Archaeology, Samara State Academy of Social Sciences and Humanities,

Samara, Russia

Two models of neolithisation process in Lower Volga Region

Alexander Gorelik, Andrei V.Tsybriy and Victor V. Tsybriy

Bochum, Germany, The Don Archaeological Society, Rostov-Don, Russia

'Neolithisation' in the North-East of the Sea of the Asov region

Larissa Spitsyna

Institute of Archaeology of the National Academy of Sciences of Ukraine, Kyiv, Ukraine

The end of Neolithisation in the Southern Ukraine

Goce Naumov

Museum of Macedonia, Skopje, Macedonia

Neolithisation of Pelagonia: chronology and identity of tell societies in the Republic of Macedonia

Katarina Botić

Institute of Archaeology, Zagreb, Croatia

Neolithisation of Sava-Drava-Danube interfluvium at the end of the 6600-6000 BC period of Rapid

Climate Change: a new solution to an old problem

Discussion

Afternoon session (13.30 – 16.00)

Vesna Dimitrijević and Ivana Živaljević

Laboratory for Bioarchaeology, Department of Archaeology, Faculty of Philosophy, University of Belgrade, Serbia

Becoming sedentary? The seasonality of hunting in the Mesolithic-Neolithic Danube Gorges

Jane Gaastra, Anne de Vareilles, Ivana Jovanović and Marc Vander Linden

Institute of Archaeology, University College London

Farming data: meta-analysis of the western Balkans Neolithic

Selena Vitezović

Institute of Archaeology, Belgrade, Serbia

Neolithization of technology: bone industry in the Starčevo culture

Discussion & coffee/tea

Marko Porčić, Tamara Blagojević, Sofija Stefanović

Laboratory for Bioarchaeology, Department of Archaeology, Faculty of Philosophy, University of Belgrade, Serbia

Demography of the Central Balkan Neolithic: preliminary results of population dynamics reconstruction using summed radiocarbon probability distributions as population proxy

Sofija Stefanović

Laboratory for Bioarchaeology, Department of Archaeology, Faculty of Philosophy, University of Belgrade
Prehistoric babies in the (bio)archaeological record

Vesna Dimitrijević

Laboratory for Bioarchaeology, Department of Archaeology, Faculty of Philosophy, University of Belgrade, Serbia
Marine shell hoard from the Late Neolithic site of Čepin-Ovčara (Slavonia, Croatia)

General discussion & closing remarks
