Erratum

J. Fort*, D. Jou, J.E. Llebot

Estimations and figures were computed for \( \kappa = 0.1 \text{ m}^{-1} \). Therefore, the value \( \kappa = 10 \text{ m}^{-1} \) should be replaced by \( \kappa = 0.1 \text{ m}^{-1} \) in the captions to Figs. 2 and 3, as well as in pages 103, 105 and 107. With this correction, neither the results nor the conclusions in the paper are modified.
